## Rules:

1. Cut the Bingo numbers (numeric, word, dots) and covers provided below.
2. Put the all numbers in small bag.
3. Hand each player a Bingo card and twenty four circles or squares.
2. Draw one of the numbers at a time and have the player cover it if the number is on his/her card.
4. To win the game, the player must mark five squares in a row (horizontally, vertically, or diagonally) and say BINGO!

**Note:** I included circles and squares to cover the numbers. I prefer the squares because they are easier to cut with a paper trimmer.
